Co-op Scholarship Program

What is Co-op?

A strategic initiative between industry and the University to attract, train and develop the best young professionals.

The Program develops the 'complete' graduate, offering a cohort of high potential students an opportunity to combine academic excellence; challenging, real world experience; leadership and professional development training; mentoring and networking opportunities; all before they graduate.

Students are selected by panels of industry sponsors and UNSW staff on the basis of academic excellence, demonstrated leadership, communication skills and motivation.

The role of a sponsor:

- Provide a \$20,000* p.a. scholarship (4 years), invoiced annually;
- Involvement in scholar selection;
- 3 highly challenging industry training experiences in your organisation;
- Share feedback on Program and academic course content;
- Participate in specific recruitment functions and professional development training for Co-op scholars.

The benefits for sponsors include:

- Early access to exceptional students with excellent technical and soft skills, who can be directly recruited at the end of their Program;
- Seeing some of these students at work in your company for up to 18 months full-time (no additional cost, no permanent head count);
- Enhancing the education and professional development of the industry's talent pool;
- Raising your organisation's profile and building networks/partnerships with UNSW;
- Engage with the University on various levels as a VIP industry partner;
- Opportunity to sponsor 5th year Honours students, in some programs, to complete an industry-linked thesis.

Early access to the nation's best & brightest

-  Recruitment
-  Networking & Mentoring
-  Leadership Training
-  Industry Experience
-  Professional Development
-  Financial Support

Sponsorship is available in:

"The UNSW Co-op Program is a great talent incubator for the firm in Australia. As a team, we benefit from access to the high calibre of the scholars during their time with us, and we have employed many of these in graduate positions."

Senior Financial Officer, Australia & New Zealand
JP Morgan
