About the sector

Finance is the study of both the financial and capital markets and the decision making within both of those markets. Through the study of Finance, students learn how to value and price assets and liabilities to make appropriate managerial decisions. Students will learn the value of proper financial management to future business success.

Career paths in Finance & Banking include:

- Investment banking
- Financial management
- Management consulting
- Superannuation
- Treasury
- Securities trading
- Stock broking
- Credit analyst

Click on the video to hear from Gary about life as a Finance & Banking Co-op scholar

"The three Co-op placements essentially enabled me to "sample" three different parts of the industry, and as a result, I had a much clearer idea of what I wanted to do when I graduated from UNSW. I worked on the trading floor at UBS after university, and I probably would not have considered this role if it had not been for my first Co-op placement"

Stephanie Pow

Finance & Banking Alumna
General Sir John Monash Scholar

"The prospect of establishing the foundations of my career by enhancing an academic education with practical experience in the industry and leadership development compelled me to apply for the UNSW Co-op Program ...the UNSW Co-op Program has already begun to equip me with the necessary tools for a successful career."

Victor Zhang

4th year Finance & Banking Scholar

"A career in Finance and Banking provides students with the skills to work anywhere in the world. The UNSW Co-op Program provides the first step on what is a very rewarding, exciting career path."

Chris Robertson

Senior Finance Consultant
