Gain invaluable
INDUSTRY EXPERIENCE
with one-off
INTERNSHIPS!

Managed by:  

What is it?

Various Internships are available with UNSW Co-op Program sponsors

Get a head start on your career with a one-off 6-month internship. Being awarded an internship by UNSW Co-op is an outstanding addition to your resume and an excellent opportunity for you to gain experience prior to graduation. The successful applicant will receive:

- $18,200 in total (paid via $698.08 fortnightly instalments, with balance paid on completion)
- a 24-week full-time placement beginning in July (date TBC) offering 'real-world' industry experience, which is recognised on your UNSW CCOS.

More information about the industry placement requirements can be found in the Internship Guidelines.

Eligibility

Applicants must be a permanent resident or Australian citizen and a full-time student currently enrolled in an undergraduate degree in the School of Computer Science and Engineering (single or dual-degree), preferably in Computer Science or Software Engineering. A competitive candidate will have achieved a credit minimum in all courses and overall WAM. Some industry experience is preferable. Having met the academic and experience requirements, successful applicants are largely selected on their interpersonal skills and motivation.

If offered the internship, you must be prepared to:

- work 24 weeks full-time at the industry partner below;
- be enrolled in an internship course*; and
- study no more than two additional courses in Semester 2 2018 and be prepared to change your class timetable to evening classes (where possible) [Please take into consideration whether this may affect your program completion date.]

* UOC applied to this internship subject will not count towards your degree, nor attract a HECS fee, but will allow you to keep your enrolment status as a full-time student at UNSW.

The internship must commence no later than mid-July. Interns must complete the full value of the internship – ie study leave and public holidays must be made up.

Internships are available with the following companies and more:

- News Corp Australia
- WiseTech GLOBAL
- Atlassian
- ResMed
